

SEEN, HEARD
AND TOLD
BY THE EDITOR

We cannot but speak the things which we
have seen and heard—Acts 4:13.

Just beside this is the first in a series of 52 farm homes scheduled to appear in the GCW. We hope to get to such a mystery picture each week. As a matter of fact we recognize the picture this week as that of Troy Beat 4. If the owner of Troy recognizes this picture and will come in and get it FREE we have a nice mounted photograph for him. The story published below the picture is strictly true. I never saw the photographer and he never saw me.

We got out a lotta statements early this week and, so far have got in a lotta renewals, more in every mail. Of course, as was expected, the first to reply were those, like Avert McElwath, who had already paid up.

Before I forget it, John Brewer and several associates of the C. of C. attended the dedication of the Texarkana dam recently to learn how they do it, so that, when Grenada dam is dedicated, they can have a knowledge of what to do in Grenada.

This is another of 'those weeks' when whatever could not get in was left out.

We have had editorials stacked up in the copy basket for many weeks, but never find space for them.

There is just too damned much going on for us to keep up with it.

If Sam Simmons, John Bradley, Davis Marascalco, Joe Eddie and a bunch of other 'inspectors' would let Escoc Chapuis alone the Winter & Summers, building on Green Street could be finished by the 4th of July. Instead of by Labor Day.

The Cohens keep pulling up on our mailing list. Sara (Cohen) Adelson Cincinnati will get the GCW in the future.

The very heart of my kick about the present distribution of the 'car' money in Grenada County is contained in this: Each of the big beats 1, 2 and 5) has about 100 miles of roads to maintain, while Beats 3 and 4, combined, have about 100 miles. YET each beat, regardless of the number of miles to maintain gets exactly 1-5, or 20 percent of the money. In the meantime, of course, the bulk (about 90 percent) of the 'car' money comes from cars and trucks in one beat - Beat One. If that is fair, I will eat my hat.

'Car' money is the money that comes from the sale of tags, and the money which comes from the state. It is the whole county's part of the excise taxes on gasoline, returned in bulk to the county.

Those figures on road mileage are mine, but the figures the county and Dick Smith to measure.

My contention all along has been, and still is, that this 'car' money should be distributed to the beats in accordance with the miles of roads each beat has to keep up and NOT dividing by 5, which is the silly way, but not the just way.

In justice to the serving supervisors, it should be said that they are the inheritors of this cockeyed system, and not the creators of it.

Now as for the senatorial race coming up this summer, it is my considered opinion that Jim Eastman will go back to Washington about too much trouble.

Miss Lizzie Duncan and Miss Car-Goodwin certainly did enjoy their visit to Memphis with Bob and Addie Sartwell.

Farming Note: We have had for the four days the most beautiful weather, and farmers have been awful busy putting seed and fertilizer in the ground. Just returned from Oxberry. Everything looks good and everybody busy. There is prettier stretch of country anywhere than from Dubard to Holbrook, and no bigger cabbage patch the county than that of E. L. Holbrook, along the way, and no straight rows anywhere than those put in by Lewis Dubard Jr., and no prettier house seat than that of the Dubards, and no property 'kept up' better.

Spent most of my time at Oxberry talking about arthritis with Scott Davis' wife, who, like myself, ain't never found anything to

GRENADA COUNTY "FARM OF THE WEEK"

Number 1 In A Series Of 52

—This Series Sponsored by Jitney-Jungle, Grenada.

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it.

While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family.

If you need actual photographs of the above, either the size shown, or larger, or on postal cards, the GCW can, and will arrange for them. A reasonable charge, of course, will be made for these reproductions. Let us show you samples.

'A beautiful farming area' is the way the Zekan-Robbins aerial photo company describes the country around Grenada after taking 52 aerial photos here a few days ago.

These photos are taken for the GCW and the pictures & engravings are paid for by Jitney-Jungle, of Grenada. Nobody knows whose farms the photographers snapped with their big aerial cameras. It is up to the readers to let the GCW know whose farms are published each week. The publishers do not know whose farms will be printed—even the photographer do not know. However, the pilot did plan his course so that farms in all parts of the area around Grenada are included. As soon as a farm photo appears in the newspaper, the operator of the farm will receive a beautiful enlargement of the original photo free, but he will have to call at the newspaper and identify the farm first. Everyone recognizing the farm is asked to let the newspaper know, so that the identity can be published the next week. The names of the first ones to call or write, will be published. Recognizing farms from aerial photos is tricky business requiring a good knowledge of the building layouts and a keen sense of observation. In taking the 'mystery farm' photos, the photographer flew nearly 300 miles back and forth across the area served by this newspaper. Farms were selected at random.

The Zekan-Robbins company, of Harlan, Iowa, is composed of men who learned their trade in the U. S. Navy and Army during World War II. Zekan and Robbins used cameras similar to the ones they now use, when they were flying from an aircraft carrier in the Pacific. Farming is a big business. Big investments in land, livestock, buildings and machinery are shown in the series of aerial photos, and the picture series is a tribute to agriculture here. (Ed Note: We will try to run one of these photos each week for a year)

N. MISS. SINGERS HELD CONVENTION HERE

Eugene D. Walton Elected President

The North Miss. Singers Convention met in the great City Auditorium in Grenada on April 4th. Singers from all parts of the state and many singers from out of state gathered for a great day of gospel singing.

Many great singers, song writers and quartets, blended their voices together to make this one of the greatest singings ever held in the state. Many people that had never attended a singing convention, stated it was a great day for them.

Mr. Eugene Dalton, well known singer and song writer of Montgomery County, was the unanimous choice for president of convention. Mr. Dalton was elected president without opposition, having received the votes of every delegate to the convention, which is made up of 52 counties in the state.

Mr. Dalton is well known throughout the South for his great gospel singing and many great gospel songs he composed and wrote.

And he is very active in great evangelistic singing for revivals throughout the territory in which he lives; and also a great promoter of gospel singing.

This convention meets twice each year, the 1st Sunday in April and 1st Sunday in November.

There is a great convention in the South part of the state in which the Honorable Ross Barnett of Jackson, great attorney, and one time candidate for governor, is president and moderator of this great convention.

help it.

I think I ought to say that Whyte Jr. has cotton 'up', and that Coot Little has his cotton planted prettier than any seen on the trip.

G. M. MOORE, NEW HEAD, GRENADA BANK

Former Oakland Man Is 5th President Of Bank

At the meeting of the directors of Grenada Bank held Monday, Mr. G. M. Moore, who had been serving as executive vice president of Grenada Bank for about a year, was elected to serve as president of this fine old banking institution, to replace Henry Benthal who died recently.

Mr. Moore, a native of Oakland, has spent the biggest part of his business life in the Grenada Bank system, a system that contains 12 banks in Mississippi, of which Grenada Bank is the parent bank. Until he came to Grenada about 16 months ago, he was cashier of the Cleveland (Miss.) Bank, but he began his career with the Bank of Oakland, another of the Grenada Bank's member banks.

Y-Teen Club To Install Officers

The Grenada High School Y-Teen Club will have its annual installation service for the officers Sunday afternoon at 4:30 at the Methodist Church. The public is cordially invited to attend this inspirational service.

This Christian club has played an important part in the school's activities and added much to the community through its service projects. The club has grown so much that next year we will have two clubs—one for the freshmen and sophomores and another for the juniors and seniors. The clubs will work together for the same cause, but it will be more effective in two small groups. The officers of both clubs will be installed Sunday in a brief but inspirational service.

We in the Y-Teens have appreciated the co-operation of all our friends in the community and extend our invitation to each of you.

Member Of Wayne Luby's Band

Wayne Luby's Band, one of the large bands on the campus of the U. of Indiana was listed in the April edition of the official music magazine, Downbeat, as one of the nation's leading bands. Mr. Luby's band features Sonny Hubbard as pianist. Mr. Luby, himself, has played with such bands as Artie Shaw, and Henry Busse.

Other personnel of the band who have been with name bands include Dave Niver, lead alto who played with Artie Shaw and Marjory O'Dell who was with Sammy Kaye, Ronny Holden and Ann McKay are featured vocalists. Also with Sonny Bogdan Orchestra and various Combos

throughout Miss. Another member, trumpet player, Jerry Tyree, twice winner on Horace Heidt's Amateur Show at the age of 12 was a guest of Sonny's during the spring holidays.

Wayne Luby's Band has broken all campus attendance records including such dances as the Homecoming and Alumni Dances. The band runs the gamut from current pop tunes thru standards, rumbas, show tunes and even jazz.

The band appears regularly on the Bloomington, Indiana TV station.

Friday, May 7 they will play in Indianapolis for the Shortridge High School Alumni Dance at the Indiana Roof, Indiana's million dollar ballroom.

Sonny is a Sophomore at Indiana University. He plays the French horn with Indiana's famous March 100 which recently returned from a week's tour of Indiana playing the larger towns. He is a member of the PKA social fraternity.

He is the son of Mr. and Mrs. Morris Hubbard of Grenada, and Grenada friends will watch Sonny's career with a great deal of interest in and encouragement to him as he continues to study at Indiana U.

Miss Elsie Clanton Wins Jitney Jungle Trip to Cuba

Jitney-Jungle's 6-weeks' contest to see who got the all-expense trip to Havana, Cuba, came to an end Saturday when Miss Elsie Clanton, 19-years-old Gore Springs girl won the fine trip given in connection with the 25th anniversary of Jitney Jungle. Miss Clanton, a bookkeeper at Grenada Bank, is daughter of Mr. and Mrs. E. C. Clanton of Gore Springs.

Mr. Benton Keeton of Memphis spent Sunday here with his mother, Mrs. John Keeton, Sr.

Miss Ann Kent's guest the past weekend was Miss Margaret Yeager of Memphis.

Jackson, Miss., April 16 (Special) As required by Chapter 10, Senate Bill No. 1291, General Laws of Miss., Extraordinary Session, 1933, an election shall be held on the first Tuesday after the first Monday in May, 1934, which date is May 4, for the purpose of electing members to the County Board of Education. One member will be elected from each of the five supervisors' districts, except Beat 3 where no candidate qualified by the qualified electors of the district. This Board elected on May 4 will take office June 1, 1934, and the presently constituted County School Board will go out of office at that time.

It is impossible to over-emphasize the importance of electing the very best men and women available to membership of this Board. The responsibility for administering the schools of the county on the county level will rest upon this Board. A very important specific duty that this Board will have to discharge will be surveying and submitting a plan for reorganizing the school districts of the county to the State Education Finance Commission. People who are fair minded, unprejudiced, interested in county development and who are able to pass judgment upon controversial matters in an unbiased manner represent the kind of people needed to fill these places. State Supt. J. M. Tubo has called upon the county and school superintendents of Mississippi to give notice in their counties and communities about the importance of this election and the very great importance of electing the best people available from the list of those who have qualified as candidates to membership on the County Boards of Education.

THE BIBLE SPEAKS

BY DR. KENNETH L. FOREMAN

Scripture: 1 Kings 11:1-12:24
Devotional Reading: Psalm 1

Revolution

Lesson for April 25, 1954

VERY few people in America can logically say they believe that revolution by force is invariably wrong. On the contrary, some of the most distinguished and respected Americans, both men and women, are proud of the letters "S. A. R." and "D. A. R." Sons and Daughters of the American Revolution. If revolution was always wrong, then our country started on the wrong track to begin with, and we should be still a part of the British Empire. The question might be asked: whether that Empire would have gone as far as it did and been as strong as it was if it had not learned the lessons Dr. Foreman teaches only the American Revolution gave birth to. That is another story. The Bible tells the story of a revolution which had the full approval of a prophet of God. In fact, one of the prophets gave the chief revolutionists the idea.

Preacher Meets Rebel

Probably the most remarkable coincidence of these times, which is mentioned in the Bible, is that both the prophet and the rebel were from the same place. The prophet, Isaiah, was from Jerusalem, and the rebel, King Zedekiah, was also from Jerusalem. The prophet Isaiah had a vision of the future of Jerusalem, and he told King Zedekiah about it. King Zedekiah, however, did not believe the prophet, and he continued to rebel against the Babylonians. In the end, Jerusalem was destroyed, and King Zedekiah was taken captive. This is a story of a revolution that failed, but it is also a story of a prophet who was right.

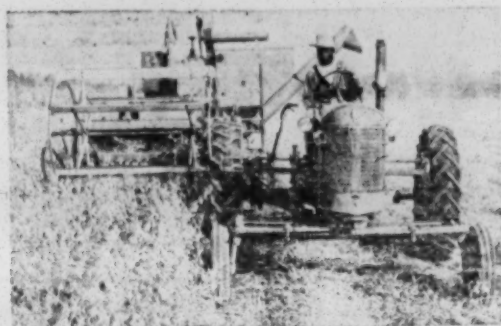

When Is Revolution Necessary?

It is a question that has been asked many times. The answer is that revolution is necessary when the government is corrupt, when the people are oppressed, and when the law is broken. In the Bible, there are many examples of revolutions. In the Old Testament, there was the revolution of David against King Achish. In the New Testament, there was the revolution of Jesus against the Pharisees. In modern times, there have been many revolutions, some of which have been successful and some of which have failed. The question is not whether revolution is necessary, but when it is necessary and what it should be for.

For the People

Revolution is not something for every day or every generation. It is a desperate last resort. But as in the days of Ahab, so since then it is true that a government which refuses to be of the people, for the people and by the people, has forfeited its right to respect. The reader of 1 Kings will discover a man of wisdom in what the old counselors said to the young Rehoboam: "If you will be a servant to this people today and serve them... then they will be your servants forever." Rehoboam turned his back on this wisdom, looked on his royal power as a means of tyranny, and so Jeroboam's revolution had an easy victory.

Soybeans Are Coming To Front In County

Soybeans produced on the farms here in this county have helped swell the annual production of this wonder crop into what is now the third largest grain crop in the United States, surpassed only by wheat and corn. This mechanized crop lands itself well to modern agriculture of increasing profits by cutting cost of production as pictured here with one man doing the harvesting job. This is a far cry from 1927 when the Illinois Central Railroad cooperating with the U. of Illinois ran the first soybean train in America according to L. H. Stubbelfield, Agr. Ext., I. R., bringing the culture to the farm communities with information on experiment results, making pictures to help produce soybeans in America. Today, because of vision and promotion, the Illinois Central hauls over half of the soybean production of the nation.

who follow experiment station recommendations of delaying planting until after May 1st. find that they get a more rapid growth helping control weeds resulting in the big yields of higher quality seed. The farmer planting during May gets faster germination and a more rapid growth which puts his crop ahead of the late summer droughts. Soybeans are a deep rooted crop like cotton and with management based on facts proves to be like cotton a money maker.

—L. H. Stubbelfield.

Adalal Stevenson is to be in Mississippi, to speak at Meridian, soon.

While in the state he should by all means come to Grenada County and secure the services of one of the Worshams to manage his next campaign if he wants to be elected, that is.

A colored woman came in wanting a Grenada Central but compromised on a GCW.

Coffee is like kicker in this respect. Folks are gonna drink it whatever the cost.

Moorhead, Miss., Girl Wins \$1,000 Lion Oil College Scholarship

15-Year-Old Wins on First Try; Other Mississippi-Alabama Merit Award Winners Listed

When this school year's series of Lion Oil Student Essay Contests began, Dickie Anderson's mother asked her to choose a subject and submit an entry. Dickie chose "How My Favorite School Subject Can Influence My Future," the subject for the fourth student contest just concluded. The entry—her first—has earned a \$1,000 scholarship.

Dickie, a junior at Sunflower Agricultural High School, Moorhead, Miss., has been a majorette in the school band for the past seven years, and is trying out for majorette on the Lions Club All-State Band. She has been twice elected queen of the school Halloween Carnival, is secretary of her class, and secretary of the Methodist Youth Fellowship. Writing is her favorite hobby. She plans to attend Mississippi State College for Women.

Miss Mary A. Crowley, English teacher at Sunflower Agricultural High, has been teaching for 16 years, the past six at Moorhead. She has sponsored a number of students in previous Lion Oil Scholarship Contests. She received a \$200 cash award as teacher-sponsor of Dickie. Mr. Herman A. Thigpin, principal, in accepting \$100 cash to buy books for the school library, expressed appreciation to the Lion Oil Company for its interest in stimulating the thinking of Southern students.

Ninety other high school students and their teacher-sponsors in three zones received \$25 cash Merit Awards in this contest—the last Lion Oil contest of the current school year. Since 1950, Southern students, teachers and schools have been awarded 1,075 prizes worth more than \$97,000.

DICKIE ANDERSON (RIGHT) AND MISS MARY A. CROWLEY, HER TEACHER-SPONSOR

Arkansas Girl, Tennessee Boy Are Winners in Zones "A" and "B"

Alex C. Wade IV, 14-year-old freshman at Hillsboro High School, Nashville, Tenn., is the first freshman and the youngest student ever to win a major Lion Oil Scholarship Award. He heard about the contest on Lion Oil's popular "Sunday Down South" radio program. He plans to attend Vanderbilt University at Nashville, where he wants to study television.

Patsy Lamb, senior at North Little Rock, Ark., High School, entered the last Lion Oil Student Essay Contest of the current school year when she realized she would not have the opportunity once graduation made her ineligible. She won a \$1,000 scholarship, but has not yet decided which one.

Merit Award Winners — Zone "C"

STUDENT	TEACHER
Bonnie Daves	Miss Wilma Coney
Charles C. Doss	Miss Mary Louise Garrett

Judges of the contest were: Dr. Horace E. Thompson, President; Dr. B. J. Fletcher, Chairman of the division of Languages and Literature; and Dr. Gene Andrews, Associate Professor of English, all of Arkansas A. & M. College, College Heights, Arkansas.

Last Contest of This School Year

This is the final contest in the series of Lion Oil Scholarship Awards for the current school year. We at Lion Oil express our thanks to the thousands of Southern students, teachers and educators who did so much to make the 1953-54 Scholarship Program a success. The contests in this series brought more entries and created more enthusiasm than ever before in the program's history.

Why Scholarship Fund Was Established

Lion Oil Company is an integral part of the South, employing more than 2,700 persons, who receive annually over \$16,000,000 in wages and benefits.

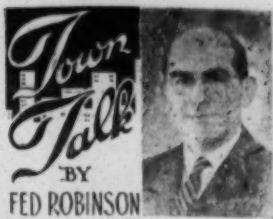

Lion manufactures more than 60 petroleum products which keep the wheels of Southern industry, transportation and agriculture spinning. Lion's nitrogen fertilizers enrich the soil of Southern farms... help Southern farmers produce more and better crops.

The Scholarship Fund is Lion Oil Company's way of saying, "We believe in the South... are eager to assist its sons and daughters... our good neighbors. We're proud to be 'Home Folks—Good Neighbors'!"

GIVE BLOOD... SAVE A LIFE!

Many people are enjoying on their TV sets a little program by Doctor and Mrs. Norman Vincent Peale of the Marble Collegiate Church of New York. I think this preacher is probably doing more good things for more people than any other minister in this country. We believe he is of the faith of the Church of Christ, but his church in New York is considered to be non-denominational. They carry on a very needed work from that church, on radio, on television, and in person and his, I understand 2 or 3 medical doctors, two psychiatrists and a full staff of personal workers all of whom are interviewing and counseling with frustrated people around the clock. That's what so many of us need—some one to talk to—some one who cares, and have an understanding mind, trained to reach down deep in our minds and hearts and find the sore spots and to recommend the healing power. I once tried to organize a 'Human Relations Clinic' in Grenada for the purpose of trying to help people who were in trouble. The need of such a thing has been proven in my personal experience in contacting thousands of people who were troubled with domestic relation problems and I have single-handedly rendered some relief to families I did business with and from that I KNOW there are literally thousands who are headed for broken homes and orphaned children simply because they have no one to help them get back on the right road. Can't churches and the pastors help any? Sure they could, but the truth is a great many pastors have a full schedule in serving the increasing needs and demands of their congregations. As a matter of fact most of the people I am referring to needing spiritual guidance are NOT members of any church, and there is the rub—they are out of touch with church people, and church people of today are too busy looking out for themselves to have much time for others—and the needy unhappy ones do not belong, and that's the way it stands.

If anyone ever calls you a 'Bank Walker' please stop right there and straighten it out with them because there isn't any human trait so detestable as that of a person who is puffed up with self-importance and parades his counterfeit affection before his fellows. These kind are often referred to as bank walkers—aluding to the old swimming hole where the smartaleck would walk up and down before the crowd in his bathing suit. Probably it is still being done on bathing beaches. Any way, here's a little story about a fellow like that but his name will not strike you as familiar as none of us remember him. His name was Edward Everett, foremost orator in America at one time and to him was delegated the honor of dedicating the Gettysburg Memorial back in the days when a really humble man was president of the United States. No one expected Mr. Lincoln to attend the dedication and a big day of important speeches were planned, but seeing the president had arrived after all, the chairman asked Mr. Lincoln to say a few words and Honest Abe pulled up to

his great height and in his unmatched attitude of humility he spoke 206 words which have become the classic of all speeches of all time. Mr. Edward Everett whispered to Mr. Seward that he was certainly disappointed in the president's remarks and they both agreed they shouldn't have invited Abe to say anything at all. Well, it is not recorded whether Mr. Edward Everett spoke at all that day in 1863, but if he did the world has forgotten every thing he said and Abraham Lincoln's Gettysburg Address is considered by all generations the greatest oration of modern times.

On the western slope of the Sierra Nevada Mountains stands today millions of pine trees. Their roots bedded in rock and sand, their tops extend into the low, wet clouds, and the winds whistle through their branches but no matter what kind of weather, these sentinels stand firmly, proudly, stately. But standing there a little as you glide along in a comfortable luxurious train, you will compare them to people you know and every breath you think of is one of HUMILITY.

SEEN & HEARD & TOLD BY THE EDITOR

We cannot but speak the things which we have seen and heard. Acts 4:20

Tom Crockett, one of the main men of the gas company in Jackson dropped by Monday and left my office just after Dr. Ayent had left them.

Monday was not a legal holiday but Andrew took one that afternoon anyway while I was away at the hospital.

I just don't know what it is but just seeing YOUR Doctor, in my case Dr. Ayent, makes me feel better. I don't guess I am better, but

do feel better and that's what counts. I'll say one thing about Grenada Hospital. Everyone is busy all the time and that includes Dr. Ayent, about the busiest in the lot. At this writing our friend and neighbor, W. E. Jackson, is still quite a sick man, the report was.

Mabel and I used to eat out a lot, particularly at noon. We went out much lately because, in the first place, Dorothy and her baby are here with us, and, in the next place, we have an old family cook working parts of the days for us. She is a very deft hand with common foods that we are accustomed to eating.

His mama said, George Whitaker, Rogers of Houston, Texas had been visiting the GCW a long time and now he is getting it. His mother had just returned from Houston where she had a nice visit with her son and his folks. Where he is, the Whitaker party I don't know, but I hope my folks, a doctor, might have seen him here.

Dr. R. L. Rogers, 22 and Dr. R. L. Rogers, Jr., of the University of Alabama, where they were lecturers from all over the world, were visiting in town at the meeting. Dr. Rogers' wife and a son, Robert from Mobile, was present at a law meeting held at Tuskegee at the same time.

Unquestionably it is coming, you know, that if you keep the Negro in the ditch, you will have to be in the ditch too, holding the Negro down.

Mary Jane Green, editor and owner of the Webster-Process of Empires, and her little boy visited Grand-mama and Grandpapa Perry in Grenada over the weekend. Like every real honest-to-God country newspaperman, Mary Jane had ink on her hands, and, perhaps, in her blood.

Mary Jane seems to be doing pretty well in a difficult job, that is, following Ned Lee, who started this paper. Ned, of course, knew every peckered in Webster County, knew how he voted, whom he married, who his daddy and cousins are, and all

of those intimate details about folks that come only thru years of knowledge and experience there.

Sunday, we mailed out a bunch of notices of delinquency among our dear subscribers. Hope you don't file the notices in the waste paper basket. By the time we get our mailing list in good shape, a bunch of delinquents develops, but that's the way with country newspapers. I think after another!

I'll say this about it. If we made a mistake, we are still here and will gladly correct any error we make.

They are still talking about it, are the GCW and I am still talking. You ain't got no sense, now!

It's true...

Brewer's Yeast is being used more and more as an aid to health. It is the richest natural source of Vitamin B Complex and is frequently added to baby foods and cereals.

Brewing in the South was recommended early in this nation's history by James Oglethorpe, founder of Georgia. His view that beer is a temperate beverage was shared by Patrick Henry, Thomas Jefferson, Samuel Adams — and other famous Americans.

Beer is so popular that it is now included in the Federal Government's Consumers Price Index—along with meat, fruit, vegetables and dairy products. These are considered basic items in the family market basket.

It's true... that beer carries a higher tax load in Mississippi than it does in any other state in the nation. Largely through growing public acceptance of legally regulated beer as the beverage of moderation—beer is still the fifth largest taxpayer in the Magnolia State.

FAREWELL, DEAR GRAYSPORT

(By Sadie Criss McClure Dailey)

Time marches on,
The old town is gone—
My hometown, as it used to be;
Not a tree or a house
Or a sign thereabout,
Was left for one to see.
But in mind you lie
Under the same old sky
Out there, still a hallowed place;
Your, outstretched arms,
In memory, holds charms
That time will never erase.
I grieve, I sigh,
With tears in my eye,
As I bid you a fond adieu;
I will see you in dreams,
In the dying sunbeams,
Dear GraySPORT, how I loved you,
(Ed note: There was a line out of place in this poem in last week's issue, thus the re-printing.)

From the way folks talk around Grenada, they aint going to let Jim Eastland down this summer.

Mrs. Butch McKnight of Jackson, looking mighty well, dropped in sady to put in a card of thanks about her mother, who died last week.

The school laws having been changed, members of the County Board of Education will be elected by the electors rather than be appointed, as in the past.

The first election of this nature will be held in every beat in the county (except Beat 3, where no candidate has qualified) on Tuesday, May 4.

The following men have qualified: Beat One, Thomas P. Gant and Preston Vance; Beat Two, M. E. Phillips, Beat Three, none; Beat 4, Ted Coats; Beat Five, A. L. Jackson.

GARTIN HELPS AMITE COUNTIANS CELEBRATE RURAL TELEPHONE DAY

ABOVE: E. M. Gerald, Smithdale telephone customer talks to J. G. Bradbury, Southern Bell Operations Vice-President in Atlanta, Georgia over the newly completed telephone facilities. Looking on, from left to right are: The Rev. W. R. Dement, of Auburn Methodist Church; Lieutenant Governor Gartin; G. W. Maxwell, McComb Manager for Southern Bell; Henry Grady Turner, of Jackson, General Manager in Mississippi for the Telephone Company; and Hon. I. S. (Ike) Sanford, Public Service Commissioner.

Crowd of 650 Attend Ceremonies Inaugurating New Rural Telephones

SMITHDALE—A crowd of over 650 persons filled the auditorium of the Consolidated High School at nearby Mars Hill on Friday as Lieutenant Governor Carroll Gartin and others of prominence in the State and the community took part in the dedication of a new rural telephone project just completed in this area by the Southern Bell Telephone and Telegraph Company.

Importance of the project just completed comes from the fact that it puts the finishing touches on another of a series of rural telephone jobs in the Lincoln-Pike-Amite and Walthall County area to give this section one of the State's most complete rural telephone systems.

Approximately a million dollars was invested by Southern Bell for rural telephone expansion in this area since January 1, 1946, according to Henry Grady Turner, of Jackson, the Telephone Company's General Manager for Mississippi, one of three telephone company representatives taking part in the program.

"At the end of 1945," Mr. Turner stated, "there were only 260 rural telephones in the area; today we are serving over 2700 farm homes and business establishments in these areas, which is a ten-fold increase."

Citizens of the Smithdale area sponsored the celebration and Roy H. Parker, Vocational Agricultural Instructor at the Mars Hill Consolidated School was chairman of the committee in charge of arrange-

ing the program which included the schedule of addresses; music and entertainment by the band and drill team of the Southwest Junior College at McComb; and a delicious luncheon served by the ladies of the community. Technicolor movies of local scenes and events were shown after luncheon.

Lieutenant Governor Carroll Gartin devoted part of his address to a summation of Mississippi's recent progress along industrial as well as agricultural lines; and told how the great Henry Grady said, upon returning from a prolonged trip to Washington, New York and elsewhere, that the most important people he had seen were the youth of our land right here at home.

"The thing we are doing here today," he said "will serve us well, but it will serve our young generation even better. If we can teach them to appreciate all of the finer things in life—a task which becomes easier as communication facilities are improved."

Other men of prominence in state and local affairs who spoke, included the Honorable F. D. Hewitt, of McComb, Chancellor for the Fourth District; Mayor J. W. Alford, of McComb; Hon. I. S. (Ike) Sanford, Collins, member of the Public Service Commission; Highway Commissioner John D. Smith and State Representative G. S. Carruth.

The Reverend W. R. Dement, pastor of the Auburn Methodist Church, was Master of Ceremonies; the Rev. A. J. Chandler of

the Tangipahoa Baptist Church gave the invocation; the Rev. Guy A. Little of the Mount Olive Baptist Church delivered the address of welcome and the Rev. John A. Dent of the Calvary Baptist Church pronounced the benediction.

Other telephone company representatives taking part in the dedication were W. R. Bunn, of Hattiesburg, District Manager and G. W. Maxwell, Group Manager of McComb.

Mr. Maxwell stated that the project just placed in service required an investment by Southern Bell of approximately \$100,000. It will provide modern rural telephone service, he stated, for about 150 homes and business houses in the communities of Smithdale, Mars Hill, Auburn, Thompson, Hustler and Mount Olive.

Frank Price, Manager of the Magnolia Electric Power Association also spoke briefly during the dedication ceremonies. Several hundred poles belonging to his Association were used to carry telephone wires in addition to power lines by means of a joint-use rental agreement between the power association and the telephone company.

The honor of closing the switch to signal the start of service over the new switching unit was given to A. N. Brewer, prominent resident of the community; while another well-known resident of the area, E. M. Gerald, received the honor of making the first long distance call over the new facilities. He talked with J. G. Bradbury, of Atlanta, Operating Vice-President of Southern Bell.

The entire program was recorded and broadcast later in the afternoon over Radio Station WAFB, McComb.

TO D. A. R. CONVENTION
Mrs. E. L. Wilkins and Mrs. H. A. Alexander left last Saturday to attend the DAR Continental Congress

Monday, April 19th. Mrs. Wilkins is the official delegate from the Graceland Chapter and Mrs. Alexander, past Regent of Miss. Chapter, will serve as vice-chairman of the Marshal Committee.

Three lovely Grenada girls will attend the Convention, receive guests, and will take part in the Mississippi Plantation Party. They will appear as Southern Belles, attired in exquisite pastel hued dresses fashioned over hoops. They are: Judy Lake, daughter of Mr. and Mrs. John Lake; Peggy Evans, daughter of Mr. and Mrs. Frank Evans, and Ann Day, daughter of Mr. and Mrs. Loyd Day. They left last Friday and returned home Wednesday.

hostesses for the May meeting, announced arrangements for the spring luncheon.

Mrs. L. J. Doug, program chairman, introduced Miss Bennie Jenkins who read a message from the D. A. R. President General Miss Gertrude S. Carraway.

The speaker told how the Convention Hall, the national DAR clubhouse at 1115 D Street, Washington, D. C., is a monument to woman's effort to attain Americanism. It is used as a cultural center in the U.S. Capital where concerts, lectures and other events number as high as 150 bookings a season. The auditorium will seat 4,000 people. Practically every president has appeared before the National DAR Convention there or has sent his wife.

In 1902, need was felt by the D. A. R. to have a place of meeting, and in 1904 the cornerstone was laid for the memorial Constitution Hall. The building is now valued at \$700,000. Each state proudly displays her own state room in the convention hall. Fundamentally the entire program of the DAR is work for God, home and country, and the keynote of all programs is patriotism.

In connection with the above topic, Mrs. J. M. Brewer showed slides further depicting the beauty and elegance of Constitution Hall, showing the assembly room where 4,000 DAR delegates and alternates meet annually.

The successful bidder will be required to furnish a performance bond in such form and having as surety thereon such surety company or companies as are approved to do business in the state of Mississippi, in the amount of not less than 100 percent of the total amount of the accepted bid.

The attention of the bidder is called to the provisions of Section 15, Chapter 123, Laws of 1954 and House

Bill No. 307 of the regular session of the Legislature, 1962.

No bids may be withdrawn after a scheduled time for receipt of bids within a period of fifteen (15) calendar days thereafter.

The owners reserve the right to reject any and all bids, and to waive any informalities.

Mary Meek gave us a fine little solid black kitten which we have named Buckingham IV. Whyte Jr. brought in his bird pup, about 48

times as big as Buckingham, but Buckingham did not back up even one centimeter when the dog tried to bluff the cat. While we had our doubts about a cat reared in the fine Meek home taking root at our humble place, the darling little kitten has taken root and is perfectly at home now.

Telephone Man's Problem

You can't drive half a truck, but that's about what we get now for what a whole truck cost us 15 years ago. In fact, every time we replace an old truck or add a new one we have to spend around twice as much as in 1939.

Inflation makes us pay lots higher prices for everything we buy, nowadays. The cost of furnishing telephone service has risen far more than the price we get for it.

Southern Bell wants telephone service to be as good and as great a bargain as possible. At the same time we believe you are willing for us to earn a fair profit, so we think you should know what inflation has done to us.

IF YOU PAID FOR TELEPHONE SERVICE WITH THESE MISSISSIPPI PRODUCTS:

RELEASED AND REAPPORTIONED ACRES

Grenada County cotton farmers the deadline for releasing cotton acreage which the grower does not intend to plant is May 1, 1954. Mr. Ben W. McElwath, chairman of the Grenada County Agri. Stabilization and Conservation Committee reminds us today that there is still time to release this acreage, thereby retaining credit for this acreage for future years for the producer, the county, and the state.

Under Public Law No. 290, provision is made that any part of any farm cotton acreage allotment on which cotton will not be planted may be turned back to the local county ASC committee for reapportionment to other farms in the county. These regulations provide that any farm acreage allotment released in 1954 be regarded as having been planted in any one year of the three-year base period. This provision is for 1954 only, Mr. McElwath emphasized.

Mr. McElwath pointed out that this provision will work both to the benefit of the farmer and to the county committee. It will help to increase the acreage allotments of those farms which have the facilities for producing more cotton and will help the farmer releasing the acreage in that it will enable him to retain the cotton history on his farm. Farmers wishing to release any part of their farm cotton acreage allotment should advise the Grenada County ASC Committee on or before May 1, 1954.

I was reminiscing with John B. Perry, who is the 'Miss Lida' of East Ward, about the Williams family and we got to talking about old

man Ben Williams, a very wealthy planter on Red Grass back before the Civil War. He was pretty close with his money, John said. This brought up the conclusion that old man Ben must have been kin to Uncle Joe Williams of Beat 3, who himself was

awful close with money. Papa told me that Uncle Joe, a country doctor, once came back from a call with a pair of sheep shears tied to his saddle. Knowing that Uncle Joe had no sheep, somebody asked why he got the sheep shears, and Uncle Joe

Notice Of Commissioner's Sale

By virtue of the provisions of a decree of the Chancery Court of Grenada County, Mississippi, dated April 19, 1954, in Cause No. 9168 wherein Winston Cheers et al are Petitioners and Jeremiah Dickens is Defendant, the undersigned Commissioner will on Saturday, May 15, 1954, within legal hours, offer for sale to the highest bidder for cash, at the East door of the Court House in the City of Grenada, Grenada County, Mississippi, the following described land, to-wit:

'A parcel of land located in the West Ward of the City of Grenada, Grenada County, Mississippi, more particularly described as follows:

'Beginning at a point in the South boundary of Union Street 144 feet West of the West boundary of Commerce Street, running thence South, parallel with Commerce Street, 100 feet; thence West to an alley running North and South between the property conveyed and Lot 2 of the City Survey; thence North along the East line of said alley to Union Street; thence East along Union Street to the point of beginning; and being the property of which Adeline Cheers died seized and possessed.

Said property will be sold subject to any taxes and paying assessments thereon.

Confirmation proceedings in connection with said sale will be held before the Chancery Court at ten o'clock A. M. May 21, 1954, at the Court House in Senatobia, Mississippi.

This April 21st, 1954.

Byron Hunter, Commissioner.

(By C. C. Hamby, Sr.)

I am sure by now everybody knows you cannot snag fish in either of our reservoir spillways. Also it is against the law to seine or dip minnows or take other fish by this method. It is also against the law to commercial fish in anyway from the mouth of the spillway down the river for a distance of 5 miles. You cannot use nets, seines or trot lines. The only way you can fish this area is by rod and reel, pole and line. This is to notify you that we have a letter from the Game and Fish Commission clarifying the methods you may take fish. You definitely can use set hooks tied to a pole stuck into the bank. This is called pole and line. The pole and line must be showing out of water and only one hook attached. This set hook for cat fish. Please 700 or stop by this station and read the letter we have from the Game and Fish Commission. Cat fish are being taken with large gold fish.

This Easter cold snap and the last, was caught over the weekend, and rain we had sure played havoc with this applies from Pickwick Dam on the fisherman. No fish of any kind down the line. I talked to a party

that was on Pickwick over the weekend and they said the fish just wouldn't bite anything. If we don't have another rain by this weekend, going fishing, they will be caught in shallow water using either red fins or gold fish. I have a report from all lakes all the way to Greenville. All are in fine shape and the fish are being caught. I have a report from Hampton Lake and was told those large blue gill stump knockers was
